

Serec Standard Airless™ Vacuum Vapor Degreasing Machines

Put Vacuum Technology to work for you

Serec's standard line of Airless™ Vacuum Vapor Degreasing Machines provides you with high performance vacuum cleaning machines that meet most application requirements. Manufactured to the highest quality standards, the machines' innovative designs provide efficient, environmentally-friendly cleaning for industrial applications.

The cleaning process exceeds all EPA & OSHA regulations, and has achieved the "Maximum Achievable Control Technology" standard, resulting in the process to be SCAQMD permitted in California, the state with the most stringent environmental laws in the USA.

Vacuum Vapor Degreaser

Standard Models available:

Model #	Square Chamber Size	Round Chamber Size	Capacity	Overall Dimensions
1200	12" x 12" x 12"	12" Ø x 12" H	100-250 lbs/hr	72" x 60" x 72"
1800	18" x 18" x 18"	18" Ø x 18" H	200-400 lbs/hr	84" x 72" x 80"
2400	24" x 24" x 24"	24" Ø x 24" H	400-800 lbs/hr	120" x 90" x 96"
3600	36" x 36" x 36"	36" Ø x 36" H	600-2000 lbs/hr	148" x 96" x 96"

* Custom Units are available

Machine Features:

Standard Cleaning Process

- Soak / Immersion
- Recirculation
- Cold Solvent Spray
- Vapor Degreasing
- Vacuum Drying

Optional Equipment

- Horizontal loading
- Ultrasonic cleaners
- Basket rotation, oscillation
- Secondary cleaning tank
- Carbon absorption system
- Enhanced distillation unit
- Boiler/condensation package
- Chiller
- Automatic load/unload
- Filtration packages
- Exterior cover panels
